Jacksonville Children's & Multispecialty Clinic, P.A.

Promoting a Healthier Future

At JCMC we strive to provide quality healthcare for you and your loved ones. It is our mission to provide excellent physical and emotional care for each of our patients and their families. We are committed to being a high quality Medical Home for Pediatric and Adult Patients.

We provide access to care 7 days a week and accept & file all Insurances

SERVICES OFFERED:

Pediatrics

We provide comprehensive Pediatric Care at our Jacksonville, Richlands, Sneads Ferry and Swansboro locations. We provide comprehensive preventive care services including all AAP recommended immunizations.

We diagnose and treat children's illnesses and injuries. Our board certified pediatricians admit and treat patients at Onslow Memorial Hospital. **We offer Saturday and Sunday hours.**

Family Practice

Our team of Family Practice doctors provide comprehensive primary care for our adult patients. Our focus is on disease prevention and keeping our patients healthy. Our staff keep track of your chronic health problems and ensure that you are getting the necessary tests to stay healthy.

Urgent Care: 10 am to 8 pm

Our urgent care is open 7 days a week and provides IMMEDIATE CARE to provide quick and easy access. We maintain open access for all our sick patients. Our co-pays are low and the same as for your primary care doctor.

Allergy, Asthma & Sinus

We diagnose and treat allergic disorders in children and adults at our Jacksonville Allergy Asthma and Sinus Clinic. We offer comprehensive testing and "Allergy Shots".

Neonatology

Our Neonatologists are available round the clock to provide Critical Neonatal Care in the NICU at Onslow Memorial Hospital. They attend all high risk deliveries and provide comprehensive primary care for the high risk infant at our Jacksonville Children's & Family Care Clinic.

Gastroenterology

Our GI service offers treatments for a wide range of conditions such as Colon Polyps & Cancer, GERD, Heartburn and Reflux, IBS, Peptic Ulcers, Ulcerative Colitis, Esophagitis, Diverticulitis etc. Our specialist performs UGI endoscopy, sigmoidoscopy, colonoscopy and HALO procedures.

Behavioral Health (Pediatrics)

Our Pediatricians work in collaboration at our Behavioral Health Clinic to provide care for patients with ADHD and other behavioral disorders.

Patient Portal: We offer our patients access via a web based portal which enables you to communicate with your provider and our staff as well as access your records and lab tests. You can also request appointments and medication refills electronically.

New Patient Information: New Patient Packets and Registration forms can be downloaded at www.TheJacksonvilleClinic.com.

Tricare: We can assist beneficiaries with enrollment and selection of one of our providers. Please Visit our web-site www.TheJacksonvilleClinic.com for more information.
